

Mr. Ravi Khanna

Director, Scatec Solar

Ravi Khanna is Director of Corporate Affairs, Scatec AS. He holds a Master in Business Administration from Symbiosis, Pune India from 1982 as well as a Bachelors in Mechanical Engineering (P.E.C., Chandigarh India) from 1980. Prior to joining Scatec, Mr. Khanna was CEO of Moser Baer Photo Voltaic Ltd (MBPV), a fully owned subsidiary of Moser Baer India Ltd (MBIL), the world's 2nd largest optical storage media manufacturer with sales exceeding \$ 450 mil.

In Moser Baer PV Ravi Khanna was responsible for the acquisitions of technology firms and setting up of a technology centre while creating one of the fastest manufacturing capacities which have positioned the company to reach giga watt level capacities by 2012. He was also on the board of US firms Sol Focus, Solaria and Stion Corporation.

Prior to this, Khana had a stint of more than 10 years with Delphi Corporation in various positions globally.
